March 2012 News

Speech and Hearing Screening

Everyone should have received a brochure about this screening. We recommend this be done and we have this therapist come in every year. The screening will be during school hours so that the children are comfortable and in a familiar environment. The dates are March 5th and 6th. The cost is very reasonable for this type of screening. If you need another brochure let us know.

Spring Ahead time change...March 11th!!

Now that the clocks have changed and the days are longer we find we need to remind everyone that school begins at 9:00 AM. No one should come into the building until after 8:50 AM when the door greeter should be there. Teachers are to go to their classrooms at that time as well. Teachers are busy all over the building preparing for their day and we don't want unattended children in the building. There is a charge for early drop off and it is added to your monthly statement. Remember to not arrive late. Teachers begin instruction, especially the Pre-K Classes, at 9:10 AM. Centers are introduced, learning games explained and lessons taught that are needed to prepare your child for Kindergarten next year. If they are late they miss ALL THAT! Parents pay close attention to the reports sent home every two weeks that keep you informed on lessons presented. You may need to help your child at home if they are not learning the material. Calendars also have skills presented each 6 weeks.
